

Remote Access

Without the hacking

Backdrop

- Physical chemist
- Research & Teaching remit
- Instruments
 - Raman microscope
 - UV-Vis (solution)
 - Diffuse reflectance UV-vis
 - Infrared spectrometer
 - Electrochemistry
 - Surface tension
 - Fluorescence
 - Circular dichroism

Challenges

- Long run times
- Monitor progress of analysis
- Backup and move data
- Troubleshoot problems
- Assist students
- Labs often in different buildings to office

Software

- Akamai
- LogMeIn
- Teamviewer
- Zoho

- [Clicky](#)

Demo

- UV vis

- Raman Microscope

Problems

- All through the wifi
- Multiple users
- Probably blocked by university ethernet
- Certain hardware not supported
- Samples!
